

SL-RST, SL-PRO & SL-ERGO TECHNICAL DATA

MODEL	SL-RST HELMET CLIP LAMP; SL-PRO HEAD/HELMETLAMP; SL-ERGO HEADLAMP
Product description	SL-RST JP Helmet clip lamp with two halogen bulbs & Flood reflector SL-RST M JP Helmet clip lamp with one halogen bulb & Medium reflector SL-RST N JP Helmet clip lamp with one halogen bulb & Narrow reflector SL-ERGO: Headlamp with two halogen bulbs SL-PRO: Headlamp / helmet band lamp with two halogen bulbs SL-RST: steel clip for helmet fitting, fits to miners helmet SL-PRO: elastic head/helmet band, hooks for helmet fitting SL-ERGO: headlamp with ergonomic head band, especially designed for outdoor sports
Beam type	Flood, Narrow or Medium
Connector & Cable	Battery end: Jack-Plug fast connector, Molex-connector for sport lights Lamp end: easy-fit RCA-connector Black cable with coiled section
Cable length	1350 - 1700 mm or according to customers requirements
Operating temperature	-20°C ... +40°C
Bulb	Bulb Halogen 6, 10 and 20W G4 socket Lifetime 100 h Light output 6W 120lum 10W 220lum 20W 440lum Flood reflector models: 2 bulb sockets Medium and Narrow reflector models: 1 bulb socket
Lens	PP 103 mm x 1 mm
Ingress protection	IP 44, water resistant
Reflector	Aluminum, 103 mm diameter
Band color	SL-PRO: black/red/grey SL-ERGO: black/red
Weight	SL-PRO: 260g SL-ERGO: 275g SL-RST 131g+ cable 116g
BATTERY	NM-9000 9,0Ah 6V NiMH battery with JP-connector NM-4500 4,5Ah 6V NiMH battery with JP-connector SL-Battery 9,0Ah 6V NiMH slim battery (sports battery) SL-Battery 4,5Ah 6V NiMH slim battery (sports battery)
Operating time	9,0Ah: 6W 8h 20min 10W 5h 10min 20W 2h 30min 4,5Ah: 6W 4h 10min 10W 2h 05min 20W 1h 15min
